ELKINGTON'S ELECTRO-PLATE

Has been before the public for more than forty years, and after the severest test of wear in the vessels of the principal Steam Ship Companies, and in Clubs, Hotels, Private Houses, &c., in all parts of the World, continues to give universal satisfaction; supplying all the advantages of solid Silver in durability and appearance, at one-third the cost.

The Patentees refer with confidence to the above fact and to the increasing demand for their manufactures, as well as to the recognition of their superiority at the various Exhibitions, as detailed below, and they take this opportunity to renew their assurance that they will spare no exertion or expense to produce articles of such a quality as will ensure to them a continuance of the distinguished patronage they have hitherto received.

- 1851. **GREAT EXHIBITION**—the First-class or Council Medal (the only one awarded to the Trade).
- 1855. **GRANDE EXPOSITION DE PARIS**—awarded the Gold Médaille d'honneur, and the Cross of the Legion of Honour.
- 1862. **EXHIBITION OF LONDON**—appointed Jurors, consequently not in competition.
- 1867. **EXPOSITION UNIVERSELLE DE PARIS**—two gold Medals were awarded to the House.
- 1873. **INTERNATIONAL EXHIBITION AT VIENNA**—The only "Grand Diploma of Honour" awarded for English Silver Ware and Electro-plate, was received by ELKINGTON AND CO., and they were also honoured by receiving from H.M. the Emperor of Austria, the Grand Cross of the Order of Franz Joseph, as well as the appointment of Silversmiths to the Imperial and Royal Court of Austria.
- 1876. **CENTENNIAL EXHIBITION OF THE UNITED STATES, AT PHILADELPHIA**—Five Medals and Diplomas were received, being the largest award made to any Firm.
- 1878. **EXPOSITION UNIVERSELLE DE PARIS**—Four Medals were awarded, also the rank of Officier of the Legion of Honour, and two of ELKINGTON AND CO.'s principal Artists were made Chevaliers of the same Order.

All articles manufactured and warranted by ELKINGTON & Co. are marked      and they particularly desire to call the special attention of intending purchasers to this, as their processes are now used by numerous other Manufacturers—without restriction as to the mode of application—the Metal used—or the thickness of Silver deposited thereon. The mere assertion that an article is "Electro-plated or Gilt by Elkington's patent process," is no guarantee of its durability, or of its being of their make, unless their **Registered Trade Marks** as above are distinctly visible on each piece.

Elkington & Co. manufacture in Solid Silver, when required, all their various designs, prices of which will be forwarded on application.

Designs, and Estimates for Testimonials, Race and Regatta Cups, and all other descriptions of Plate for Home and Export, furnished on application to either of their Establishments.

EXPLANATION OF THE MARKS.

All Articles Warranted by the Patentees are stamped with their Marks, thus

The Quality of the Plating is denoted by the letters A-IA, and I-thus--

A—is the old EXTRA STRONG PLATE, with SOLID SILVER Points, and is of the Highest Quality Manufactured.

IA—is very Strong Plate, of a most Durable Quality for Hard Wear. I—is Good Warranted Quality.

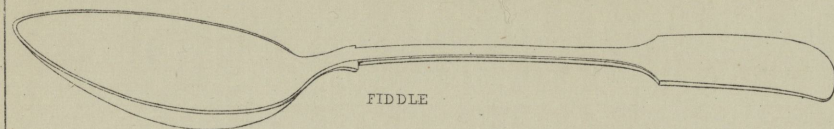

REPLATING, EQUAL TO NEW, AT TWO-THIRDS OF THE ABOVE PRICES.

Spoons and Forks made to Pattern in any Style. Ciphers, Crests, Mottoes, and Armorial Bearings Engraved to Order.

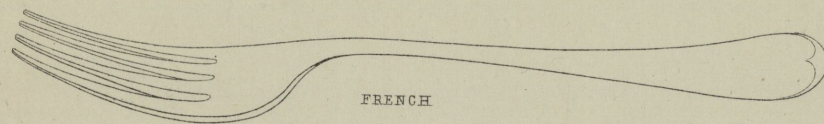

A considerable number of Elkington and Co.'s Patterns are Registered, and every Article is stamped with the Trade Mark

THE ABOVE ARTICLES ARE ALSO MANUFACTURED IN SILVER. PRICES ON APPLICATION.
